

# Township of North Versailles

Board of Commissioners

1401 Greensburg Avenue, North Versailles, PA 15137

Phone: 412-823-6602 Fax: 412-823-0901

To: Township of North Versailles Resident

Affordable Renewable energy is now available to North Versailles Residents and Business. The Township has aligned with Viridian Energy to launch the North Versailles Green Energy program; you can now get the best of both worlds, greener electricity at an affordable price.

**Enrolling with Viridian is safe and easy.** Duquesne Light will continue to send your bill, and deliver the electricity to your home or office. The only difference you will see is Viridian's name and rate listed on the bill. There are no setup or cancellation fees, no long-term contracts or enrollment fees and signing up takes less than 5 minutes!

Viridian offers a discount Introductory Rate of 7.190/KWH for the first month then a variable rate starting at 7.99/KWH thereafter, this is a limited time offer. Viridian Energy is licensed by the PA PUC, and has a great deal of experience supplying electricity to homeowners. Everything you need for enrollment can be found on your Duquesne Light bill. Enrollment is easy and can be completed online or by Phone, Simply-enter a small amount of information from your electric bill,

Once enrollment is complete the savings will commence with your next meter reading.

To sign up follow the link below [www.Viridian.com/NVT](http://www.Viridian.com/NVT)

For households that do not have access to a computer or are otherwise unable to sign-up online, simply call 1-866-633-2508 and when prompted refer to the web site [www.Viridian.com/NVT](http://www.Viridian.com/NVT)

The entire program has been designed to keep things simple and avoid the confusion of shopping or being pressured by sales people. Your participation in North Versailles program is 100% voluntary and no one is under any type of obligation to participate.

By participating in the program your savings will increase as the economy recovers. Deregulation creates a competitive marketplace in which each energy company is working to provide the best product. Creating competition drives prices down and improves quality. Enrolling with a variable rate should provide you with the highest level of savings, over the year.

Sincerely,

*Township of North Versailles*

***The impact you can make simply by switching to Viridian Energy for one year.***

- **Reducing your carbon emissions by: 1663 Pounds**
- **Which is the equivalent of planting: 99 Trees**
- **Or NOT driving: 1830 Miles!**
